“Comics of luxury, an unexpected combination of charming book and Rocky.”

Lars Lauvik

creator of famous Norwegian comics Eon, Wildlife & Oppgulf

“Working as a professional cartoon creator for 10 years now, I used to color my own work, but when I got my monthly magazine in the summer of 2009, we decided to leave this task to someone externally, so that I could produce more material. However I agreed to this with a heavy heart, as I have always liked to have control of my comics from the beginning to the end, especially the coloring, where much of the detail and polish on my stripes are made. The job was done by Affe Steinsvik, who recently moved to a new cooperation with Bulls Presstjänst. Any early skepticism was quickly turned into joyful optimism, as I was very pleased with the result. Not only am I impressed with how obvious it is that Affe Steinsvik and his team carefully have studied my coloring work, and continued the with same graphic style, but also supplemented this by an ongoing good follow-up. In addition, it is amazing how they always manage to deliver good work in spite of my occasional tight deadlines. There is never any difficulty even if the timeframe is short, always a nice tone and good craftsmanship. I only have positive things to say about the coloring work and customer service offered by Affe Steinsvik and his staff”

Carolyn Kells

daughter of Walt Kelly the creator of legendary comic classic Pogo

“I didn't expect, that anyone new could be quite as good, certainly not right away. But your new colorist's work is gorgeous!!! It is a delight to see someone really "get" it so fast. These strips look lovely, and the coloring, tho only subtly different from the fine work Karl was doing, gives them a magic fairytale look. I really like it!”

Tony & Maria Cronstam

Price winning comics Elvis

“We have since 2004 had the benefit of getting our full color artwork made by Affe and his team (ASII). There has been an incredibly smooth cooperation and with outstanding results, far above our expectation. Prompt, effective and with an artistic talent you can not buy with money. In short, irreplaceable.”

Daniel Carlsson

Editor of Egmont

“We are very pleased with the quality of the coloring and prepress job you have done for us. You have a high level of service and are always responding quickly to orders, adjustments and any questions. In case any trouble arises, you are always keen to resolve it as quickly and smoothly as possible.”

Frode Øverli

Creator of Pondus

(Norway's most famous contemporary comic)

“For many years to hand over my comics for coloring was ever such a games of chance. Would the characters have blue hued skin or the sky colored all pink? Would the home suit of Liverpool FC turn out to be purple? That was the time before we found Affe and ASII. Now I deliver my original strip and wait in suspense. Not in fear as before but rather to see what magic Affe have conjured up this time. After Affe took over the Øverli titles they have reached a whole new dimension, he simply makes the strip a better reading.

The colors give the drawings a depth and passion I had only dreamed of before and this is often up against a deadline, that is “closer than a shave”. And most important now Liverpool always play in red!”
